#### **STEP 3** PERFORM YOUR FIRST MEASUREMENT.

### A. Open the VYVO Smart App and access the Device section Health Scale.

Swipe the screen on the left if your App is paired with a VYVO Watch, to access the Health Scale section.

#### B. Remove your shoes and Step on Leggera to start the measurement.

# C. When the measure is completed, the unarchived data section will be updated and the count will increase.

4.1 kg		15:29 06/18
5.6 kg		15:29 06/18

#### F.Leggera learns from you. Simply step on Leggera and access the Device section.

### After a few measurements it will be able to identify the user and automatically assign the measure to the correct user.

#### H. In the Home section, scroll to reach the health/weight section and open it.

Here you can check all the details of your Leggera measurements.
